The healthiest choice

Improving the health, wellbeing and vitality of the whole family. Leaves moisture in the air, which combats dehydration.

Lowest running cost in Australia

Up to 80% cheaper to run[^]
Save up to 80% on energy bills when compared to a reverse cycle air conditioner.

Fresh, cool clean air

Delivers **100% fresh**, filtered outside air, not stale recycled air, naturally cooling your **whole** home.

Ultimate lifestyle

Perfect for alfresco living and busy families where children and pets keep coming in and out.

Built to last

Quality that lasts. Up to 7 years comprehensive warranty*

Australian designed, made and owned!

Manufactured by family owned Seeley International, Australia's largest air conditioning manufacturer.

seeleyinternational.com/promotions

*Through participating dealers only, on purchases of Evolution LPQI and SuperStealth LCQI evaporative air conditioners for a limited period. See seeleyinternational.com/promotions for full terms and conditions. [^]Seeley International's calculation based on approximate running costs figures from publically sourced data. Comparison with 1.5 star not zoned ducted refrigerative system in a large size (220m²) 2-star pre 2005 house in a Melbourne climate, cooling all day on the weekend and in the morning and evenings when internal temperatures are high, and an electricity tariff of 31.9c/kWh. Negligible water cost excluded. *The warranty has terms and conditions, including the requirement for regular servicing of the product in accordance with the owner's manual.
